

Join us for our next three-part Water Resources Workshop series this Fall in Apache Junction! Two desert-adapted plants from the Boyce Thompson Arboretum will be raffled off to attendees at each workshop. We hope to see you there!

Register today by visiting <https://forms.gle/Qt3yt8uiEwwou7eV7>

PART ONE: APACHE JUNCTION SEWER DISTRICT

This workshop will focus on the role that Apache Junction Sewer plays into recharging the aquifer and the overall sewer management process.

Date: 11/3/2026

Time: 10 AM - 11:30 AM

Speaker: Darron Anglin, *General Manager for Apache Junction Sewer District*

Location: Apache Junction Library, Programming Room, 1177 N. Idaho Rd, Apache Junction, AZ

PART TWO: ROOSEVELT WATER CONSERVATION DISTRICT

This workshop will focus on how RWCD delivers water to customers across the valley and manages their canal systems.

Date: 11/10/2026

Time: 10 AM - 11:30 AM

Speaker: Russell Rea, *General Manager for Roosevelt Water Conservation District*

Location: Apache Junction Library, Programming Room, 1177 N. Idaho Rd, Apache Junction, AZ

PART THREE: CITY OF APACHE JUNCTION STORMWATER MANAGEMENT

This workshop will cover how stormwater moves through the community and how important it is to protect it from pollution, particularly in the context of local groundwater recharge.

Date: 11/17/2026

Time: 10 AM - 11:30 AM

Speaker: Matthew McClure, *Floodplain and Stormwater Coordinator for the City of Apache Junction*

Location: Apache Junction Library, Programming Room, 1177 N. Idaho Rd, Apache Junction, AZ
